USD 369 Permission to Publish 2016-2017

Burrton Schools takes serious our legal and moral obligation to protect the privacy of its students and their families in online and print publications. Situations may arise during the school year where student work and/or photographs will be used in school newsletters, the school website, official social network sites managed by the district, or other school publications to promote the school's mission and recognize student success. *Students will generally only be named with their first name on district web pages.* There may also be times when news media (such as the Harvey County Independent) would be publishing student photos as part of positive stories about our school. USD 369 requires parent permission to publish student work and photographs or allow this information to be published by a third party. Please note that permission is not required when students are part of a large group or part of an activity where privacy is not expected (such as an athletic event).

Please Check One Below:

_____ I hereby give my consent to publish (or allow to be published) my child's name, photographs, images, and school-related work.
